TO: INGRID KOLB
DIRECTOR
OFFICE OF MANAGEMENT

FROM: GLENN S. PODOBNEKY
CHIEF HEALTH, SAFETY AND SECURITY OFFICER
OFFICE OF HEALTH, SAFETY AND SECURITY

SUBJECT: DIRECTIVES CERTIFICATION STATEMENT

In addition, this directive is not found to cause undue burden (i.e., significant cost impacts, overly prescriptive, redundancy, or excessive reporting requirements) on Departmental elements and contractors.

This directive provides implementation assistance specifically for the requirements of title 10, Code of Federal Regulations, part 835 (10 C.F.R. 835), Occupational Radiation Protection. The Office of Health, Safety and Security plans to amend 10 C.F.R. 835 in the next 2 to 3 years and will update the guidance once the amendments have been published in the Federal Register.

I certify that this directive is accurate and continues to be relevant and appropriate for use by the Department.

Please contact Bill R. McArthur, Director, Office of Worker Safety and Health Policy, at (301) 903-6061 for additional information.
